Celebrate The Great American Smokeout Nov. 21

Nov. 21 marks the 26th annual Great American Smokeout. This is the day that non-smokers and "wannabe" quitters get together to promote a healthy non-smoking lifestyle. The focus of the day is to support smokers who want to quit. The GAS also targets preteens and teenagers. This year, the day will include a fun run/walk, 7:30 to 10:30 a.m. on Patch Barracks. Everyone is invited, and participants will receive refreshments and a free T-shirt. Meet inside the Patch Gym at 7:30 a.m. for the opening remarks. Afterward, each unit or directorate should follow its point of contact to the Patch Gym parking lot to line up for the run/walk. If you aren't with a group, just join one of the Smoke-Free Initiative groups or the Teens Against Tobacco Use students. If you have a unit/directorate guidon or flag, bring it along. Also, if you want to get creative and make yourselves stand out in some way, do so. After the run, TATU will stage a presentation. TATU will also give an anti-tobacco presentation at Robinson Barracks Elementary School. For info about the fun run/walk call the Stuttgart Wellness Center at 430-4073/civ. 0711-680-4073. To get the assistance you need to break the habit call 430-8209/civ. 0711-680-8209.

The following is a proclamation from the 6th Area Support Group Commander, Col. Larry Stubblefield: "As the 6th ASG Commander, I challenge smokers in the Stuttgart military community to be smoke free on this day. I invite everyone in our community to join our Great American Smokeout Fun Run/Walk on 21 November and ask that we encourage each other to be smoke free."

Events/Functions Require FP Plan

A force protection assessment plan should be completed for all off-post official and U.S.-sponsored events. The organizer(s) of an unofficial, off-post event involving 50 or more individuals should also complete a force protection plan. Once the plan is completed, the organizer should contact the 6th Area Support Group Force Protection office, 421-2860/civ. 0711-729-2860, to review the plan. Unit organizers will be contacted via telephone and e-mail notifying them of the outcome.

EUCOM Computer Safety Tips

Network security procedures are important when using government computers. Practice network computer security by ensuring the right class of information goes on the right network. Use the secret LAN only for U.S. Secret and below, and use the unclassified LAN only for unclassified information. Never divulge computer network passwords (remember, the Help Desk will never ask you for your password); and mark e-mails with the appropriate classification. Always keep these tips in mind when using government

computers. Proper security practices ensure safety for everyone. For info call the Information Systems Security Officer at 430-4175/civ. 0711-680-4175.

Pre-Separation Briefing Scheduled

The next permanent change of station and pre-separation briefing is Nov 20, 1 p.m. to 2:45 p.m., on Patch Barracks in room 5, building 2318. Service members from all branches and civilians who are departing within the next four to six months should attend. Clearance information from various agencies including transportation, medical, dental, vehicle registration, housing and Army Community Service will be discussed. Army personnel will receive briefings on personnel and finance issues. Sign-up is required. For info call 430-4064/civ. 0711-680-4064.

OCS Board To Convene Soon

The next Officer Candidate School Board will convene Nov. 25 in the 6th Area Support Group Command Sgt. Major's conference room. The 6th Area Support Group adjutant must receive the packets no later than Nov. 18. For info call 421-2161/civ. 0711-729-2161, or visit Kelley Barracks building 3315, room 215.

Prohibited Purchases With GPCs

Formerly known as IMPAC cards, the Government Purchase Cards come with restrictions that users must be aware of. Cardholders should contact appropriate authorities if there is any question. Prohibited items include: cash advances, gifts, wire transfers, savings bonds, foreign currency, fuel, rental or repair of a vehicle, rental or lease of land or buildings and travel purchases that will be reimbursed on a travel voucher.

Force Protection Travel Requirements

All Department of Defense military and civilian personnel must be briefed on force protection considerations that apply to their destinations and to the routes they plan to travel to and from that destination. Before leaving on any trip, always check government force protection Web sites for up-to-date travel advisories. These Web sites are www.state.gov/travel (criminal/travel advisories/warnings), www.cdc.gov/travel (types of diseases at that location) and www.odcsops.hqusaureur.army.mil (FP page, threat levels by country).

Surveys Will Help Determine COLA

Over the next few months, two surveys will be conducted to determine if the Cost of Living

Allowance given to U.S. service members living abroad is sufficient. The first survey will be a living-pattern survey to determine which local stores typical service members shop in and how much they buy from the commissary and exchange. The second survey will be a retail price survey and will use the results from the living pattern survey to price over 160 goods and services. The prices gathered will be compared to prices in the United States for equivalent goods and services. If the cost in Germany is greater than the U.S. cost, COLA is paid. Some examples of the commodities to be surveyed are groceries, clothing, phone services, entertainment, auto maintenance, restaurants and day care. Keep a list of shopping places in order to make filling out the surveys easier. Also estimate what percentage of particular goods bought on the local economy as opposed to goods purchased at the commissary or military exchange. Now is the time to take control of your paycheck. Accurate and complete surveys can help ensure that pay better reflects actual expenses incurred.

SERVICES

Shuttle Bus Safety Tips

Passengers must remain seated while riding the shuttle bus. Standing passengers are a safety hazard. The maximum capacity of each bus is limited to the seating capacity of that bus, and three different-sized shuttle buses run the shuttle routes. All attempts are made to ensure that a larger capacity bus operates the heavy passenger runs.

Occasionally Department of Defense Dependent School students ride the community shuttle rather than the school buses provided by DODDs, but students are encouraged to use the buses provided. If more students use the school buses, crowding on shuttle buses may be alleviated. Shuttle bus services are free and a great service to the community. Do your part to ensure passenger safety while taking advantage of this free service. For info call 421-2472/civ. 0711-729-2472.
